

Auto Licenses Granted By the City Treasurer

Despite the lateness of the season, records at the city treasurer's office show continued applications for automobile licenses. Local dealers assert that the majority of names appearing in the Sunday Press' table are recent buyers of cars, and the bulletin is an accurate tabulation of the week's auto business here. The star in the report below indicates a one-seated machine. Where no state number appears, no state license has been taken out as yet. The list is as follows:
