

AUTO OWNERS MUST GET NEW LICENSES AFTER FEB. 1

One automobile license has been issued by the city treasurer's office since January 7. It was granted to Stella Vilsack, of North Negley avenue and Bryant street. The State number is 6,438, and the city number 435. The majority of the auto owners are waiting until after February 1, when the fiscal year for the issuance of new licenses begins. Auto owners will have at least two months time in which to take out new licenses before the city will sue them, and it is probable that a longer time will be given, although there have been several changes made in auto legislation.
